He spelled some of the names wrong:

Jean Battle, John K(o)nik, Charles Simon, Robert Deroche (not DeVoche), Donald Reinke and Wally Geuthier are all Corps employees. I think Lynn Deurod is also with the Corps, but I don't see any correspondence with her in my records.

I do not have any personal e-mails or text messages from these people.

The written correspondence should only include the two official comment letters from the Corps to EPA, but I will double check the file Thursday.

Mery

At least two of the individuals named are Corps staff (Melanie, do you know the others?) and their email correspondence would be covered in the previous response, as would email for anyone else on the list that works for FWS or the Corps. But he is also asking for written correspondence this time so we will need to add that. And he is asking for text messages and personal email messages. I'm guessing we won't have those. (Melanie, can you confirm?)
